WHO IS ELIGIBLE?

As a Summit Fire & EMS Fire Protection District employee, you are eligible for benefits if you work at least 20 hours per week or are a part-time variable employee working an average of 30 hours per week during the predetermined Affordable Care Act period. Benefits are effective on the first day of the month following date of hire. You may enroll your eligible dependents for coverage once you are eligible, which could include your legal spouse, civil union partner, and children up to age 26.

CHANGING YOUR BENEFITS

New Employees: As a new employee, you must enroll in benefits within 30 days of your date of hire. If you do not enroll within 30 days, you will need to wait until the next open enrollment period to enroll.

Qualifying Events and Dropping Dependents: Generally, you may make or change your benefit elections only as a new hire or during the annual open enrollment period. However, you may drop a dependent at any time (coverage will continue through the end of that month), or you may update your benefit elections during the year if you experience one of the following qualifying life events:

Change in marital status

- Marriage
- Death of spouse
- Divorce or Legal separation

Change in the number of dependents

- Marriage
- Birth
- Death
- Adoption of a child or placement of a child for adoption

Change in coverage status

- Loss or gain of other coverage by the employee or dependent

Change in individual coverage status due to aging out

- In the event that an employee loses eligibility on their parent's plan, due to aging out (26)

You have 30 days from the date of a qualifying life event to make changes to your coverage. Depending on the event, you may be required to provide supporting documentation (e.g., a marriage license or birth certificate). Documentation is not required if you are only removing a dependent from your current plan. However, documentation is always required when adding dependents outside of open enrollment.

ANNUAL OPEN ENROLLMENT

2027 Open Enrollment dates: **10/26 - 11/8** Open Enrollment this year is PASSIVE.

PASSIVE enrollment means you only need to complete online enrollment if you want to make changes to your benefits. If you wish to keep everything the same, no action is required.
To complete Open Enrollment, please register for CEBT's online enrollment system at **CEBT.org/for-employees** to make your 2027 benefit elections for medical, dental, vision, and life coverage. Changes will become effective January 1, 2027.

KEY BENEFIT TERMS

Benefit Year: The 12 months over which the benefits are paid and accumulated. The deductible and out-of-pocket maximums are accumulated over the Benefit Year and are reset to zero at the beginning of the next Benefit Year. For CEBT, the benefit year is January 1 – December 31.

Plan Year: The 12 months over which the plan you choose is in force. **The plan year runs from July 1 – June 30**.

Deductible: The amount you owe for health care services before your health insurance or plan begins to pay. (For example: John has a health plan with a $1,500 annual deductible. He falls off his roof and needs three knee surgeries; the first is $800. Because John hasn't paid anything toward his deductible this year, he is responsible for 100% of his first surgery. $800 is applied to his deductible.)

Copay: A fixed amount you pay for a covered health care service, usually when you receive the service. The amount can vary by the type of covered health care service. The copay does not apply towards meeting the deductible but does count towards the out-of-pocket maximum.

Coinsurance: Your share of the costs of a covered health service, calculated as a percent (for example, 20%) of the allowed amount for the service. You pay co-insurance after you have met any deductible you owe. (For example: John's second surgery costs $3,200. Because he's paid $800 of his $1,500 annual deductible, John is responsible for the first $700 to meet his deductible. His plan will then cover 80% of the remaining cost, for a total of $2,000 [$2,500 x 80%].)

KEY BENEFIT TERMS CONTINUED

Out-Of-Pocket Maximum (OOPM): The most you pay in a calendar year before your health plan begins to pay 100% of the allowed amount.

Items that count towards the out-of-pocket maximum:

- Copays
- Deductibles
- Co-insurance payments

Items that **DO NOT** count towards the out-of-pocket maximum:

- Your premium
- Balance-billed charges
- Charges your plan does not cover (e.g., plastic surgery, excluded services, etc.)

Example: John's third surgery costs $12,000; his plan has a $4,000 OOPM. Because John already paid $2,000 toward his OOPM for his first two surgeries, he only needs to spend $2,000 before he hits his OOPM ($4,000 - $2,000). The plan pays the remaining $10,000 ($8,000 - $2,000).

In-Network: Doctors, clinics, hospitals, and other providers with whom the health plan has an agreement to care for its members. Health plans cover a greater share of the cost for in-network health providers than for out-of-network providers.

Out-of-Network: A health plan will cover treatment for doctors, clinics, hospitals, and other providers who are out-of-network, but members will pay more out-of-pocket to use out-of-network providers than for in-network providers.

Primary Care Physician (PCP): A physician who provides the first contact for a person with a health concern as well as continuing care for varied medical conditions, not limited by cause, organ system, or diagnosis.

Health Savings Account (HSA): A tax-advantaged medical savings account available to those who are enrolled in a high-deductible health Plan (HDHP). The funds contributed are not subject to federal income tax. These funds may be used for a variety of medical, dental, and vision expenses. For a full list, visit www.irs.gov in IRS Publication 502.

Flexible Spending Account (FSA): An account employees put money into that they can then use to pay for certain out-of-pocket health care costs. You don't pay taxes on this money, which means you'll save an amount equal to the taxes you would have paid on the money you set aside.

Health Reimbursement Account (HRA): An HRA is an employer-owned and employer-funded account to help reimburse medical expenses (e.g., copays, deductibles, and coinsurance). Unlike an HSA, you, as the employee, cannot contribute to the account, and it is not portable.

Explanation of Benefits (EOB): A statement sent by a health insurance company to covered individuals, which explains the medical treatments and/or services that were paid on their behalf.

Formulary: A list of prescription drugs covered by the health plan.

U&C – Usual and Customary: The amount that the plan allows for a specific procedure or service. Also known as R&C (Reasonable and Customary). The member can be billed for these charges.

Balance Billing: When a provider bills you for the difference between the provider's charge and what your health plan pays. A participating provider cannot balance bill you for covered services under its contract. Balance billed amounts do not apply toward your deductible or OOPM.

CEBT Benefit by Trust

MEDICAL COVERAGE

United Healthcare

UMR A UnitedHealthcare Company

Employees of Summit Fire & EMS Fire Protection District have the option to choose from two different medical plan options PPO4 and HDHP2 offered through the Colorado Employer Benefit Trust (CEBT). Each plan includes comprehensive health care benefits, including free preventive care services and prescription drug coverage. These plans use the United Healthcare Choice Plus network. This is the network of doctors you will want to stay within to access your in-network benefits.

Before you enroll in medical coverage, take some time to fully understand how each plan works. The tables below summarize the benefits of each medical plan. The coinsurance amounts listed reflect the amount you pay. Please refer to the official plan documents for additional information on coverage and exclusions.

Before You Choose a Plan, Consider This:

Do you prefer to pay more for medical out of your paycheck, but less when you need care?

What planned medical services do you expect to need in the upcoming year?

Do you or any of your covered family members take any prescription medications on a regular basis?

MEDICAL PLAN OPTIONS OVERVIEW

Below is a simplified breakdown of each plan type offered.

PPO Plan

- Copays apply to standard services (office visits, specialists, etc.).
- For high-cost services (hospital stays, outpatient care, advanced imaging), you must meet the deductible before paying coinsurance.
- After reaching the out-of-pocket maximum, the plan pays 100%.

HDHP (High-Deductible Health Plan)

- You pay 100% of medical costs up to the deductible, using: Your HSA, or Out-of-pocket funds
- Preventive care is fully covered.
- After the deductible, the plan pays according to its benefit schedule.

CEBT MEDICAL PLANS

The tables below summarizes the benefits of each medical plan.

CEBT MEDICAL PLANS

This comparison of coverage is intended only as a general description for the principle in network features of the benefit plans. If there are questions about a particular benefit or the coverage tier, please refer to the full plan document that is posted on the www.cebt.org website for specific coverage details.

*Charges are subject to Usual & Customary (U&C). These charges are considered in excess of the Reasonable Reimbursement, the Recognized Amount, the Usual and Customary charge, the Negotiated Rate, or the fee schedule. Exclusions under this category do not apply to payments that may be required under the No Surprises Act. Preventative Services – will be processed following the Federal Patient Protection and Affordable Care Act. For more information on these services go to https://cebt.org/benefit-booklets.

Embedded - Under this deductible definition, any single member of a family doesn't have to meet the full family deductible for the after-deductible benefits to kick in. Once they meet the individual deductible, plan benefits will start to pay.

Non-Embedded - Also referred to as an aggregate deductible. Under this arrangement, the total family deductible must be paid out-of-pocket before health insurance starts paying for the health care services incurred by any family member. Usually applies in High Deductible Health plan. The individual deductible doesn’t apply if there are multiple people covered by the plan (Employee +1, Employee + Spouse, Family Coverage, etc.)

PPO Note: Combination of PPO and Non PPO out of pocket limit will never exceed the Non PPO out of pocket limit. PPO Plan deductibles fall under the definition of an Embedded deductible where any single member of a family doesn't have to meet the full family deductible for the after-deductible benefits to kick in. Once they meet the individual deductible, plan benefits will start to pay

LIFE AND AD&D COVERAGE

Life insurance is an important aspect of financial security, especially if others depend on you. Accidental Death & Dismemberment (AD&D) insurance is designed to provide a benefit to your designated beneficiary or beneficiaries in the event of accidental death or dismemberment.

Summit Fire and EMS Fire Protection District provides Basic Life and AD&D Insurance to all eligible employees at no cost to employees through The Standard.

Life Insurance

This benefit is payable to the designated beneficiary upon the death of the insured.

Accidental Death & Dismemberment Coverage

This insurance provides specified benefits for a covered, accidental bodily injury that directly causes dismemberment (i.e. the loss of a hand, foot, or eye). If death occurs from an accident, both the Life and the AD&D benefit would be payable.

Description	Benefit
Life / AD&D Benefit Amount	2.5 X Annual Salary ($450k Max)
Benefit Reduction	40% at age 65, 65% at age 70, 75% at age 75, 80% at age 80

Supplemental Life and AD&D

Depending on your situation, you may want supplemental life coverage beyond basic life and AD&D insurance to protect those who depend on you financially. Summit Fire and EMS Fire Protection District gives you the option to purchase supplemental insurance for yourself and your dependents through The Standard. (You must have supplemental coverage for yourself if you want to purchase it for your dependents.) The rates are age-banded, with benefits reducing at age 65. Refer to the voluntary life booklet from your employer (also available on cebt.org) to learn more and view the costs for this coverage.

Employee: $10,000 increments up to $500,000 — Guarantee issue amount: $150,000

Spouse: $5,000 increments up to $250,000 — Guarantee issue amount: $30,000

Dependent children: $20,000

CEBT SURVIVORSHIP CONTINUATION BENEFIT

We understand that life can bring unexpected challenges. That's why CEBT offers the Survivorship Continuation coverage for CEBT members and their dependents. In the event of a covered employee's passing, this benefit ensures that their dependents are protected.

Here's how it works:

- If there is dependent coverage in force on the date of an employee's death, the employee's coverage will terminate at the end of the month in which the event occurred.
- Survivorship coverage takes effect the first of the month following the event date, offering a seamless transition for your loved ones.
- The coverage in force upon termination of the employee's coverage will continue for the surviving dependents.

Survivorship Continuation will last until the earliest of the following:

1. The date when surviving dependents become covered under any other group or individual health plan.
2. The end of two consecutive years following the employee's death.

Rest assured, this continuation will run concurrently with any coverage required by COBRA, and any necessary premium contributions will be waived for the surviving dependents during this period.

Your family's well-being is CEBT's top priority!
