## Who Is Eligible?

---

As an **Eagle County School District Re-50** employee, you are eligible for benefits if you are working 30 or more hours per week. These benefits include medical, dental, and vision plans, as well as Flexible Spending Accounts. Benefits are effective on the **first day of the month following 30 days of employment (e.g. start date is August 1<sup>st</sup>; coverage is effective September 1<sup>st</sup>. Or start date is May 7<sup>th</sup>; coverage is effective July 1<sup>st</sup>)**. You may enroll your eligible dependents for coverage once you are eligible, which could include your legal spouse, civil union partner, and children up to age 26.

## Changing Your Benefits

---

### New Employees

As a new employee, you must enroll in or waive benefits within 30 days of your date of hire. If you do not enroll within 30 days, you will need to wait until the next open enrollment period to enroll.

### Qualifying Events and Dropping Dependents

Generally, you may only make changes to your existing benefit elections as a new hire or during the annual open enrollment period. However, you may drop a dependent at any time and they will be covered through the end of the month, or you can change your benefit elections during the year if you experience one of the following qualifying life events:

- **Change in marital status**
  - Marriage
  - Death of spouse
  - Divorce or Legal Separation
- **Change in number of dependents**
  - Marriage
  - Birth
  - Death
  - Adoption of child or placement of a child for adoption
- **Change in coverage status**
  - Loss or gain of other coverage by the employee or dependent
- **Change in individual coverage status due to aging out**
  - If an employee loses eligibility on their parent's plan (i.e. aging out at 26)

You have 30 days from the qualifying life event to make changes to your coverage. Depending on the type of event, you may need to provide proof of the event (e.g. marriage license, birth certificate, etc.). You do not need to provide documentation if your only change is to drop a dependent(s) off your current plan, but documentation will always be required if you are adding dependents outside of open enrollment.

# Paying For Coverage

## Employer-Paid Benefits

You automatically receive the following benefits, which are fully paid for by ECSD:

- \$50,000 in Basic Life and AD&D\* Insurance [Click HERE](#)
- Employee Assistance Program (EAP)

## Pre-tax or Post-tax Benefits

You and ECSD share the cost of medical/dental/vision coverage based on the plan(s) you choose. ECSD pays the majority of the cost, but keep in mind that the decisions you make when you access care help drive the total cost of the plan.

- You may choose to have the cost of your medical, dental, and vision coverage deducted from your paycheck on either a pre-tax or post-tax basis.
- Any contributions you make to your Health Care FSA and/or Dependent Care FSA are made on a pre-tax basis.

Pre-tax benefits reduce your yearly taxable income. This means that the amount of income in your pay that is used to calculate your taxes is reduced because your premiums have already been deducted. In general, this reduces your federal and state income tax liability.

This can also affect your highest average salary (HAS) in calculating your retirement benefits under PERA. *If you are within four years of retirement and you are at your highest career salary level, pretax premiums could reduce your PERA benefit.* Therefore, you should consider carefully the effect of salary reductions. For more information about PERA benefits, call 800-759-7372.

Remember that with pre-tax deductions, your take-home pay will be greater, but your PERA contribution and Medicare Tax (where applicable) will be based on your reduced salary.

\*Pre-tax is the default option for insurance premiums deductions. If you wish to have those deducted post-taxes, please fill out the form found here: [RapidIdentity](#) → [Informed K-12 Forms Icon](#) → [Discontinue Pre-Taxing Insurance Premiums](#)

## School Year – Coverage & Premiums

Employees have different work calendars based on their roles, so how are premiums deducted? *Does coverage end if you are not working?*

- Hourly employees who work less than 260 days per year will have their premiums pro-rated based on their work year and evenly deducted from each of their paychecks so that they can maintain coverage for the months that they do not work until the start of the next school year. *Example: employee works from August to first days of June. The premiums for 12 months (August to August) will be deducted between August-May so that the employee has coverage during June, July and August.*
- Salaried employees that are paid year-round will have their premiums deducted throughout the year.

## Overview of CEBT

---

### **What Is CEBT?**

The Colorado Employer Benefit Trust (CEBT) is a self-funded, governmental multiple employer trust that provides employee benefits to over 450 public entities, covering over 37,000 employees and dependents across the state of Colorado. The CEBT plan offers health, dental, vision, and life coverage to the participating groups.

### **What Is WTW?**

Willis Towers Watson (WTW) is the broker/administrator for CEBT. It provides customer service for plan participants to obtain answers on any questions about claims and benefits at (303) 773-1373 or (800) 332-1168. WTW representatives can make periodic visits to the participating groups to answer questions. In addition, WTW markets for prospective new members and handles the eligibility and premium invoice process between CEBT and participating employers.

### **What Are the Roles of UMR, CVS Caremark, Delta Dental, and Vision Service Plan (VSP)?**

CEBT contracts with these managed health care companies for claims processing and provider network access:

**UMR** provides third party claim payment services and access to the United Healthcare provider networks for CEBT members who have medical coverage.

**CVS Caremark** provides the pharmacy payment and access to their provider network for CEBT members who have medical coverage using the United Healthcare provider network.

**Delta Dental of Colorado** provides third party dental claim payment services and access to their Dental PPO and Premier networks.

**Vision Service Plan (VSP)** provides the vision payment and access to their provider network for CEBT members who have vision coverage.

Most day-to-day correspondence (e.g. Explanation of Benefits, information requests, etc.) will come from UMR. Additionally, you will receive ID cards from UMR, CVS Caremark, and Delta Dental, but not VSP as they do not utilize cards.

## Need Help with a Claim?

CEBT has a team of 10 customer service representatives to assist CEBT clients with benefits questions, housed right here in WTW offices. Their hours of operation are Monday through Friday from 7:30 am to 4:30 pm (except Friday, when they close at 4:00 pm.) If you need assistance in any of the following areas, please call the customer service line at **(303) 773-1373**:

- Benefit Information
- Claim Resolution
- Claim Status
- Explanation of Benefits
- Deductibles
- Ordering ID Cards

## The CEBT Mobile App

### *Benefits at Your Fingertips*

---

The CEBT Mobile App provides simple, convenient access to your health care benefits on-the-go, where you can:

**Enroll in Benefits:** Enroll in your benefits, view current plans and dependents, download benefits summaries, and process open enrollment changes due to qualifying life events.

**Find a Provider:** Explore in-network providers and find information on CEBT's valued partners.

**View and Order ID Cards:** Keep a digital version of your ID cards handy, access or print your digital ID cards, and order new ones if necessary.

**Connect with Customer Service:** Ask a CEBT customer service representative about your benefit or claim questions by opening a case.

## Key Benefit Terms

---

**Benefit Year:** The 12 months over which the benefits are paid and accumulated. The deductible and out-of-pocket maximums are accumulated over the Benefit Year and are reset to zero at the beginning of the next Benefit Year. For CEBT, the benefit year is January 1 – December 31.

**Deductible:** The amount you owe for health care services before your health insurance or plan begins to pay. *(For example: John has a health plan with a \$1,500 annual deductible. He falls off his roof and needs three knee surgeries; the first is \$800. Because John hasn't paid anything toward his deductible this year, he is responsible for 100% of his first surgery. \$800 is applied to his deductible.)*

**Copay:** A fixed amount you pay for a covered health care service, usually when you receive the service. The amount can vary by the type of covered health care service. The copay does not apply towards meeting the deductible but does count towards the out-of-pocket maximum.

**Co-Insurance:** Your share of the costs of a covered health service, calculated as a percent (for example, 20%) of the allowed amount for the service. You pay co-insurance after you have met any deductible you owe. *(For example: John's second surgery costs \$3,200. Because he's paid \$800 of his \$1,500 annual deductible, John is responsible for the first \$700 to meet his deductible. His plan will then cover 80% of the remaining cost, for a total of \$2,000 [ $\$2,500 \times 80\%$ ].)*

**Out-Of-Pocket Maximum (OOPM):** The most you pay in a calendar year before your health plan begins to pay 100% of the allowed amount.

Items that count towards the out-of-pocket maximum:

- Copays
- Deductibles
- Co-insurance payments

Items that DO NOT count towards the out-of-pocket maximum:

- Your premium
- Balance-billed charges
- Charges your plan does not cover (e.g. plastic surgery, excluded services, etc.)

**Example:** *John's third surgery costs \$12,000; his plan has a \$4,000 OOPM. Because John already paid \$2,000 toward his OOPM for his first two surgeries, he only needs to spend \$2,000 before he hits his OOPM ( $\$4,000 - \$2,000$ ). The plan pays the remaining \$10,000 ( $\$8,000 - \$2,000$ ).*

**In-Network:** Doctors, clinics, hospitals, and other providers with whom the health plan has an agreement to care for its members. Health plans cover a greater share of the cost for in-network health providers than for providers who are out-of-network.

**Out-Of-Network:** A health plan will cover treatment for doctors, clinics, hospitals, and other providers who are out-of-network, but members will pay more out-of-pocket to use out-of-network providers than for in-network providers.

**Primary Care Physician (PCP):** A physician who provides the first contact for a person with a health concern as well as continuing care for varied medical conditions, not limited by cause, organ system, or diagnosis.

**Flexible Spending Account (FSA):** An account employees put money into that they can then use to pay for certain out-of-pocket health care costs. You don't pay taxes on this money, which means you'll save an amount equal to the taxes you would have paid on the money you set aside.

**Explanation of Benefits (EOB):** A statement sent by a health insurance company to covered individuals, which explains the medical treatments and/or services that were paid on their behalf.

**Formulary:** A list of prescription drugs covered by the health plan.

**U&C – Usual and Customary:** The amount that the plan allows for a specific procedure or service. Also known as R&C (Reasonable and Customary). The member can be billed for these charges.

**Balance Billing:** When a provider bills you for the difference between the provider's charge and what your health plan pays. A participating provider contractually cannot balance bill you for covered services. Balance billed amounts do not apply toward your deductible or OOPM.

## **PPO Plan**

On a PPO Plan (Preferred Provider Organization), you will pay a copay for certain services like office visits, specialist visits, and other smaller ticket services. Higher cost services such as inpatient hospital stays, outpatient hospital care, and advanced imaging are subject to meeting the full deductible first and then the plan will help pay the remaining portion of the cost through coinsurance. After the out-of-pocket maximum has been met, the plan will begin to pay 100% for covered services.

## Medical

---

Employees of **Eagle County School District Re-50** have the option to choose from two different medical plan options, **PPO4** or **PPO6**, offered through the Colorado Employer Benefit Trust (CEBT). Each plan includes comprehensive health care benefits, including free preventive care services and coverage for prescription drugs. These plans use the **United Healthcare Choice Plus** network. This is the network of doctors you will want to stay within to access your in-network benefits.

Before you enroll in medical coverage, take some time to fully understand how each plan works. The tables below summarize the benefits of each medical plan. The coinsurance amounts listed reflect the amount you pay. Please refer to the official plan documents for additional information on coverage and exclusions.

### **Before You Choose a Plan, Consider This:**

- Do you prefer to pay more for medical out of your paycheck but less when you need care?

## Medical Plan Disclosures

This comparison of coverage is intended only as a general description for the principle in network features of the benefit plans. If there are questions about a particular benefit or the coverage tier, please refer to the full plan document that is posted on the [www.cebt.org](http://www.cebt.org) website for specific coverage details.

\*Charges are subject to **Usual & Customary (U&C)**. These charges are considered in excess of the Reasonable Reimbursement, the Recognized Amount, the Usual and Customary charge, the Negotiated Rate, or the fee schedule. Exclusions under this category do not apply to payments that may be required under the No Surprises Act.

**Preventative Services** – will be processed following the Federal Patient Protection and Affordable Care Act. For more information on these services go to <https://cebt.org/benefit-booklets>.

**PPO Note:** Combination of PPO and Non-PPO out-of-pocket limit will never exceed the non-PPO out-of-pocket limit.

PPO Plan deductibles fall under the definition of an **Embedded deductible** where any single member of a family doesn't have to meet the full family deductible for the after-deductible benefits to kick in. Once they meet the individual deductible, plan benefits will start to pay.

# Dental Plan A

Regular dental exams and cleanings allow for early detection of dental issues before they become painful and expensive. Maintaining healthy teeth and gums can prevent tooth decay and contribute to your overall health.

CEBT uses the Delta Dental network. You can access three different network levels: **PPO Dentist**, **Premier Dentist**, and **Non-Participating Dentist**. Although you can visit any dentist of your choosing, it's in your best interest to find a Delta Dental provider (PPO dentist or Premier dentist) to receive the best benefits, savings, discounts, and protection from balance-billing for covered services.

Official plan documents can be found on the [Benefits Booklets](#) page on the CEBT website. Locate a Delta Dental network dentist and learn about the different network levels at [deltadental.com](http://deltadental.com).
